

# UBK-U

## Universal Glass Door Bracket for Z Bracket

The UBK-U is a universal glass door bracket that allows an armature plate to be fitted to a glass door. This is useful when mounting the Z bracket.

### UBK-U Fitting Instructions

- Place the rubber (9) on either side of the door, checking the symmetry to protect the glass once UBK-U is clamped
- Adhere the rubber (9) to the door
- Place the clamping plate (11) to align on the upper part of the door. Press the clamping plate (11) in order to adhere it on the rubber (9)
- Place the U bracket (1) on the rubber (9) and on the clamping plate (11), checking alignment
- Tighten the M4x12 (12) screws by means of the Allen key (13) and ensure UBK-U is securely fixed

### Armature Plate to UBK-U Fitting Instructions

- Insert screw (7) in armature plate (6)
- Place a steel washer (5), rubber washer (4), steel washer (3) - rubber washer sandwiched - between the armature plate and the UBK-U (drawing adjacent)
- Fix the armature onto the UBK-U bracket (1), ensuring the armature plate has free movement (floats)

### Technical Specification

Dimensions	185 x 62 x 33.5 mm
Fits glass 8-11mm thick	
The UBK-U will accept	300kg 400kg 500kg series of armatures

### Part Numbers

UBK-U

For mounting Z bracket

### The UBK-U is supplied with:

- 1x U bracket (Rep: 1)
- 1x Fixing bracket (Rep: 2)
- 1x Rubber (Rep: 9)
- 1x Clamping plate (Rep: 11)
- 3x Double sided tape (Rep: 10)
- 6x Screw M4x12 (Rep: 12)
- 1x Allen key (Rep: 13)
- 1x Screw M8x25 (Rep: 7)
